

Clinical Cases Guidelines

Clinical Cases submissions will be open from **December 01st 00:00*** – To **May 31st 23:59*** *Local Time - UTC/GMT

Only **online submissions** through the "Nephrology Update" website will be accepted. Each author will have a password which will allow to edit the abstract and inscription. Please save the password given. A new one can be requested from the log-in page.

You can **edit** your Clinical Case until **May 31st 23:59*** using the password given.

It's mandatory to give an email when submitting an abstract. All information regarding the abstract will be sent to that email.

The following themes categories are available:

- Primary Glomerulonephritis
- Secondary Glomerulonephritis
- Nephrotoxicity
- Renal Transplantation

Rules for Clinical Cases

- The abstract should not exceed 400 words;
- Figures and tables are available as attachment;
- Abstracts can only be submitted in English;
- Submitted abstracts should be an original work and do not infringe copyrights, or intellectual properties;
- Please ensure that all authors, particularly, the **1st author** and **presenting author** are identified correctly;
- The abstract must not contain identification of the authors or institutions in the text;
- Oral presentations will have 9 minutes allotted time for presentation (plus 3 minutes for discussion)
